Re: Union Electric/Ameren UE NPL Comments  
Sauget Area 2 Proposed NPL Listing

Dear Docket Coordinator:

Yesterday we filed with you our client's comments on the subject listing. In that filing, we omitted a single exhibit, "Exhibit 2," which is merely an October 22, 2001 letter from Mr. Dave Evans of the U.S. EPA, that allowed Ameren an extension until December 13 to file its comments. Enclosed is a copy of that exhibit. Kindly place this with the other exhibits that were sent to you via overnight courier on December 13th.

Thank you.

Sincerely,

  
Joseph F. Madonia

Re: Extension to Comment Period for Proposed NPL Listing of Sauget Areas 1 and 2

Dear Mr. Morrin:

The purpose of this letter is to respond to your October 17, 2001 letter requesting an extension to the comment period for the proposed listing of the Sauget Area 1 and Sauget Area 2 sites to the National Priorities List (NPL). EPA has determined that an extension to the comment period is appropriate based on Docket concerns. Since there was an approximate 30 day delay in forwarding the appropriate site information, the extension to the comment period is for 30 days. The original comment period closes on November 13, 2001. However with this extension, EPA will accept your comments on the Sauget Area 1 and Sauget Area 2 sites until December 13, 2001. I hope this addresses your concerns.

Sincerely,
